# PRESS RELEASE

## FOR IMMEDIATE RELEASE

*Ihara US LLC Launches Innovative New H300 60° Gloss Meter*

Vernon, California – Ihara US LLC, a major distributor of quality control instruments and accessories, announced today the release of its latest product, the H300 60° gloss meter. The new H300 gloss meter features a sleek and stylish design, cutting-edge technology, and a host of user friendly features for the most demanding users.

The H300 gloss meter is a next-generation gloss meter incorporating advanced features such 3.5 inch super capacitive touch screen display, displays multiple measurements simultaneously, PC data transfer, and has a high capacity Li-ion rechargeable battery.

One of the standout features of the H300 gloss meter is its high-resolution color touchscreen display, which provides crystal-clear images and allows for easy navigation of the menus and functions. This gloss meter also has a versatile measurement area of 9mm x 15mm.

The H300 gloss meter is manufactured according to ISO2813 and GB/T 9754. It also complies to various standards: ASTM D523, ASTM D2457, GB/T 1381, GB/T 7706, GB/T 8807.

H300 gloss meter is available for immediate delivery via our global dealer network. For more information, please visit the product webpage.
